

# Instructions for setting iPhone to connect to SCCD Exchange (e-mail, calendar, and contacts)

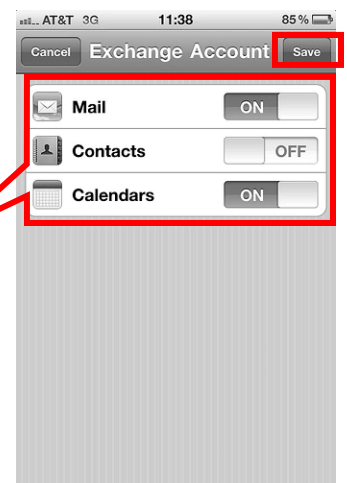

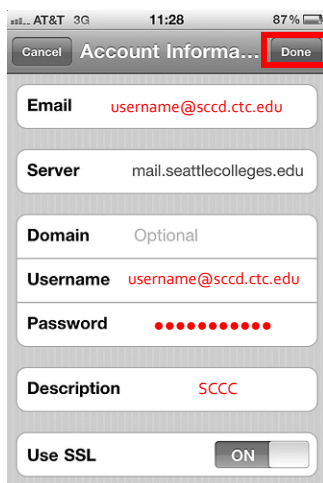

1. Select the *Settings* menu
2. Select *Mail, Contact, Calendars*
3. Select *Add Account*

4. Select *Microsoft Exchange*
5. Complete the fields as indicated. Replace username and password with your e-mail username and password.
6. Select *Next*

7. The iPhone will verify information and refresh, make sure the server field has filled in.
8. Select *Done*
9. Choose what items you'd like to sync, Mail, Contacts, and/or Calendars
10. Select *Save*

Now your calendars, contacts, and/or e-mail will be available from your iPhone.
